

TG4874 Protective Apron

APPLICATIONS:

General personal protection in various industrial applications such as metallurgy, foundry and casting operations and the like (heavy duty); glass industry (heavy duty); plastic moulding and processing (heavy duty); thermal treatment operations (medium duty); and protection against welding splash generated in welding and allied processes (Class 1, Class 2, A1).

DESCRIPTION: Wool molten metal splash apron

FEATURES & BENEFITS:

- Durable, strong and flexible and comfortable to wear
- Protects against high temperatures; and contact, convective & radiant heat
- Protects against molten metal splashes
- Protects against welding splatter
- Minimises the possibility of electrical shock by short- term, accidental contact with live electrical conductors (up to 100V DC)
- Adjustable strap and buckle fastening
- Stitched in meta-aramid sewing thread

COLOUR: Navy

COMPOSITION: Wool

AVAILABILITY: Ex stock
