

Fothershield
SAFETYWEAR

TG4892 - FW Protective Coverall

APPLICATIONS:

General personal protection in various industrial applications such as utility industry, smelting, foundry and casting operations and the like (medium to heavy duty); glass industry (medium to heavy duty); plastic moulding and processing (heavy duty); thermal treatment operations (light duty); and protection against welding splash generated in welding and allied processes (Class 1 A1 & A2).

DESCRIPTION: Coverall with reflective bands

FEATURES & BENEFITS:

- Strong, flexible and comfortable to wear
- Protects against heat and thermal risks
- Protects against molten metal splashes and welding splatter
- Protects against the thermal hazards of an electric arc
- Acts as dissipative clothing offering electrostatic protection
- Minimises the possibility of electrical shock by short-term, accidental contact with live electrical conductors (up to 100V DC)
- Concealed press-studs front fastening
- Multiple pockets and silver reflective bands
- Stitched in meta-aramid sewing thread
- Optional extra: personalise with company logo- embroidered in meta-aramid thread

COLOUR: Orange with silver reflective bands

COMPOSITION: Cotton, polyester and antistatic fibres

AVAILABILITY: Ex stock
